DOES HE NEED THE MONEY?

Senatorial Aspirant Sanders' Scheming Brain Again in Operation.

His Latest Move to Force the State Stealers' Case Into State Courts.

A Demand for Mileage and Per Dien Made on the State Auditor as the Pretext for the Action.

Yesterday was by no means a dull one in a political sense, as the events showed. The latest move on the part of Col. Sanders developed in the district court yesterday morning, when a petition and affidavit prepared under Sander's instructions was filed with Judge Hunt for W. H. Roberts, one of the Silver Bow usurpers who claims a seat in the legislature, because he holds an unlawful certificate, unlawfully received by a state returning board, which unlawfully refused to count the votes of pre cinct 34 in Silver Bow county, thereby upholding Jack's unlawful proceeding in re-jecting that precinct's vote, which a com-petent court decided should be counted. This is the man who, under Sander's in-structions, yesterday presented a bill of \$45 to the state auditor for payment. The items in the bill were mileage and per diem. As a matter of form Mr. Roberts who was never elected, demanded the money, which was refused; all of which was eminently proper in view of the fact that Rump Roberts has no claim upon the state for anything. The ceremony was gone through with, however, the warhorse watchthrough with, however, the warhorse watching the proceeding with interest. Col. Sanders afterward presented Roberts' petition and affidavit to the court, praying that the court issue a writ of mandamus, commanding the state auditor to audit the rump's bill or show cause why he refused to do so. Judge Hunt granted the petition and the return will be heard Saturday morning at 10 o'clock.

The object of this maneuvre is apparent to all. It is to have a court decide upon a

deciding whether or not Rump

Roberts is entitled to pay, the hope is the court will have to rule upon the validity of the certificate of election held by him. This case Sanders expects will eventually reach Judge Blake, who was at one time Canvasser Blake, a member of the returning board which decided that the Silver Bow usurpers were entitled to certificate of clerifications. tificates of election.

In the affidavit filed Rump Roberts thus

deposes: That at the election provided to be held on the 1st day of October, A. D. 1889, he was a candidate for the house of representatives in said Silver Bow county and was elected thereto. That the re-turns of said election were made by the various judges of election to the clerk of said county, and that fifteen days thereafter eaid county, and that fifteen days thereafter the chairman of the board of county commissioners, taking to his assistance two officers of said county, canvassed the returns of said election and declared the result thereof so far as the county officers were concerned, and the returns were made to the secretary of the territory of Montana, and thirty days after said election the votes for members of the legislative assembly were canvassed by the governor, chief justice and secretary of said territory of Montana, who then and there ascertained and declared the affiant duly elected to said house of representatives and delivered to him a certificate over and declared the affiant duly elected to said house of representatives and delivered to him a certificate over the seal of said territory, signed by the governor and secretary thereof, certifying, and declaring that at such election he had been elected a member of the house of representatives of said legislative assembly. That on the 23d day of November A. D. 1889, at 12 o'clock noon, affiant appeared at the capital of said state of Montana, and in conjunction with twenty-nine other persons as aforesaid declared to have been elected by the canvassing board above mentioned, were called to order by the auditor of the state in the room provided for that purpose, and then and there proceeded to organize the house of representatives of said state of Montana. reported affiant as duly elected member of said house and entitled to a seat therein, which said report was unanimously adopted; and each of the other twenty-nine members were so reported, and the report as to them and each of the other twenty-line members were so reported, and the report as to then likewise adopted, whereupon they proceeded to organize the said house, and affiant says that in the foregoing transactions all the proceedings have been conducted, as he is informed and verily believes, according to law

NEW AERIEL LADDER AND HOSE

The Fire Department Fully Prepared to Meet Any Emergency. The new ladder and hose-cart for the Helena fire department arrived yesterday and was taken to the engine house, but owing to the fact that a new and substantial floor is being put in the building, the ladder was left outside until the floor is completed, apparatus will te placed inside. Chief Fire Marshal Witmer was on hand and explained the usefulness and advantages to be derived from the ladder in case of fire in tall buildings, when escape is cut off from elevators and stairway. The trucks are of iron, strong Misses Kinsley and Tonn. Miss Maud and substantial. The main ladder is 75 feet Mosher recited Mona's Waters, after which in length when unfolded, and will reach the the top of the tallest building in the city.
